

Checklist for joining Gulf Shores Flying Club, Inc.:

1. Go to <https://gulfshoresflyingclub.github.io/index.html> and click on the join page.
2. Read the GSFC Operational Rules.
3. Download the GSFC Member Application and complete the form.
4. Download the Liability Waiver and complete this form. Complete the 1st page, read the 2nd and 3rd page and sign on the 4th page under member. Must have the form witnessed.
5. Complete the Pilot History form.
6. Take a picture or scan a copy of your medical and pilot certificate.
7. Return completed forms by scanning and emailing **or** by mailing to
Jeff Coeur
1316 W. Beach Blvd.
Gulf Shores, AL 36542
Coeur1316@gmail.com
8. Once I have all the forms, I will enter the information into Flight Circle.
9. You will then receive an invite from Flight Circle via email. Flight Circle is an aircraft scheduling software program. Hobbs and Tach time will be entered into the software after each flight. Flight Circle has an app that can be utilized on any phone or iPad. You will schedule flights utilizing this software **AFTER** aircraft checkout.
10. For aircraft checkout you must **call and schedule** with:
Ali Coeur
262 323 6637
11. Insurance requires an extensive aircraft checkout. Be prepared. Cessna 152 Training Flashcards and a Cessna 152 maneuvers list are on the website. Review. Be prepared for more than one training session.

Flight Circle has the aircraft inspection times and dates inputted. You can easily verify inspection times and dates through this software. We are in the process of setting up billing and payment options through this software, but it is not active yet. Therefore, you will be sent an invoice for billing to your email. Payment can be made by Venmo (between friends) or check.

Current fees for Gulf Shores Flying Club are as follows:

\$500 initial fee

\$130.00 per month membership fee

\$81.00 per hour flight time billed off the Hobbs. This includes fuel.

If you need fuel when arriving at the aircraft call Gulf Air Center 251 968 5200. Give them the aircraft location (Tie downs in front of Aeropro Maintenance hanger) and the N number. They will bill the fuel to Gulf Shores Flying Club.
